

REACH Directive Compliance Statement

February 2025

In Accordance with Regulation No.1907/2006 concerning the Registration, Evaluation, Authorisation & Restriction of Chemicals (REACH), Invertek Drives Ltd and our Suppliers have a duty to communicate the presence of Substances with Very High Concern (SVHC). Invertek Drive recognises our obligation to develop as a sustainable industry and notes the importance of the responsible use of resources as an important driver of economic growth. We are dedicated to reducing the environmental impact of our activities. As a company we are committed to relaying this information to our value chain, in order to further improve public health and safety along with the protection of the environment.

On the 21st January 2025 there was the addition of 5 Hazardous Chemicals to the candidate list.

The Last Update of the SVHC Candidate List took the overall entries to 247.

| Substance Name | EC Number | CAS Number | Reason for Proposing | Examples of uses |
|--|-----------|--------------|---|--|
| 6-[(C10-C13)-alkyl-(branched, unsaturated)-2,5-dioxopyrrolidin-1-yl] hexanoic acid | 701-118-1 | 2156592-54-8 | Toxic for reproduction (Article 57c) | Lubricants, greases, release products and metal working fluids |
| O,O,O-triphenyl phosphorothioate | 209-909-9 | 597-82-0 | Persistent, bioaccumulative and toxic, PBT (Article 57d) | Lubricants and greases |
| Octamethyltrisiloxane | 203-497-4 | 107-51-7 | Very persistent, very bioaccumulative, vPvB (Article 57e) | Manufacture and/or formulation of: cosmetics, personal/health care products, pharmaceuticals, washing and cleaning products, coating and non-metal surface treatment and in sealants and adhesives |
| Perfluamine | 206-420-2 | 338-83-0 | Very persistent, very bioaccumulative, vPvB (Article 57e) | Manufacture of electrical, electronic and optical equipment and machinery and vehicles |
| Reaction mass of: triphenylthiophosphate and tertiary butylated phenyl derivatives | 421-820-9 | 192268-65-8 | Persistent, bioaccumulative and toxic, PBT (Article 57d) | Additives in lubricants and hydraulic fluids |

The one updated entry is listed in the table below:

| Substance Name | EC Number | CAS Number | Reason for Proposing | Examples of uses |
|---|-----------|------------|---|--|
| Tris(4-nonylphenyl, branched and linear) phosphite (TNPP) | - | - | Endocrine disrupting properties (Article 57(f) – environment) | Polymers, adhesives, sealants and coatings |

REACH Directive Compliance Statement

February 2025

Based on the guidance provided to us by our suppliers and to the best of our knowledge, we can confirm that Inverterk products do not contain any substances that appear on the candidate list for REACH:

(<https://www.echa.europa.eu/candidate-list-table>)

The pre-registration or registration of any substances lies with our up-stream suppliers, and we have implemented procedures to ensure that they also comply with the most up to date legislation (and any future versions) and that we receive confirmation of this.

In addition to this and as part of our due diligence, our suppliers have provided us with signed statements confirming that all products supplied to us do not contain any of the substances specified in the reach SVHC list. Furthermore, Inverterk continue to monitor this situation for future changes or amendments to the regulations or candidate list; We request updated declarations twice a year from all suppliers in line with updates. And most importantly keep our customers updated and aware that Inverterk remain compliant with REACH regulations.

John Evans
